

DIAMATIX MDR 360° - WHITE-LABEL MDR FOR MSP & MSSP PARTNERS

Who We Are

DIAMATIX is an Acronis Platinum Service Provider and Approved Global MDR Provider, holder of the "Acronis MSSP Partner for MDR" recognition, and officially listed as an Approved MDR Provider by Acronis.

We operate a 24/7 EU-based SOC and provide MDR services to MSP/MSSP partners worldwide – combining continuous monitoring, rapid response, and a high-touch partner model.

Trusted · Innovative · Vigilant

Why Partners Choose DIAMATIX MDR 360°

White-Label or Co-branded Delivery

Your brand, our SOC.

Our MDR services can be delivered fully white-label or co-branded – depending on what fits your portfolio and client relationships.

- Multi-stack support (Fortinet, Microsoft, EDR/XDR tools)

24/7 EU-Based SOC

- Real analysts, not outsourced operations
- Continuous monitoring
- AI-assisted alert triage
- Rapid containment & guidance

DIAMATIX MDR 360° – What We Stand For

"We don't just provide MDR – we become your silent SOC backbone."

- **AI-driven** detection and triage
- **Human-led** threat hunting
- **Shield SIEM/XDR** correlation
- **Full incident response** workflow
- **Compliance-ready** reporting
- **Real people** you can rely on

What Makes DIAMATIX Different Partner

(vs Typical MDR Vendors)

High-Touch Partnership

Real communication, rapid escalation, tailored support – not a "factory MDR".

Deep Initial Assessment: We always start with understanding your clients' environment to reduce false positives and improve accuracy from day one.

Shield SIEM/XDR Visibility Layer

Our proprietary XDR platform enhances detection quality, correlation depth, and reporting clarity. Improve accuracy from day one.

Purpose-Built for Channel Partners

We do not compete with MSP/MSSP partners – we exist to strengthen their offerings and help them win more deals.
